Konoye Tells Cabinet To Go Ahead In "China Incident"

FRESH DETERMINATION

EVERYTHING MUST BE SACRIFICED FOR THE SAKE OF HOSTILITIES

Tokyo, May 27. Yesterday's Cabinet reshuffle in Japan is generally regarded here as reducing the Army to its proper sphere. At the same time, it is reliably learned that General G. Sugiyama, Minister for War, has tendered his resignation and its acceptance is expected shortly. It is likewise forecast that the Government henceforth will be dominated by the Premier, Prince Konoye, General Ugaki, the new Foreign Minister, Mr. S. Ikeda, Minister of Finance, and Marquis Kido, Minister of Public Welfare.

The new Cabinet is believed to herald rigid co-ordination of the internal and external policies to ensure that the nation be properly disciplined and wholly concentrated on the consummation of the Japanese aims throughout China.

It is thought that the reorganization of the Cabinet has also enhanced the assumption that the Russian "bogey" may be ignored or kept in the background, pending the carrying out of the huge plans for the exploitation of China based on the unassailable Japanese hegemony in the Far East.

The capitalist, Mr. Ikeda, will, it is understood, co-ordinate the existing financial and economic policies on the basis that everything must be sacrificed for the sake of the hostilities in China.

The new Finance Minister plans to maintain the yen at fourteen pence to strengthen war economy and simultaneously ease the red tape policy of exchange control, which is definitely holding up the much desired expansion of Japanese exports.

SPANISH WAR FRONT

Barcelona, May 27. A war bulletin issued by the Republican War Ministry last night reports from the Eastern front that violent enemy counter-attacks on the Piedra and Aulo in Sort sectors were repulsed, the enemy suffering heavy losses.

In the Tremp sector the Republicans captured several positions south of San Cornello as well as hills 581 and 701 near Figuerola.

The strong enemy pressure in the Cedillas sector on the Levant front continued. The Republican troops put up an energetic resistance.

Nothing fresh is reported from other sectors. (Transocean).

25,000 CASUALTIES

Burgos, May 27. Government troops are still battling against insurgent positions along River Noguera, western Catalonia, in an attempt to recapture the hydroworks situated there but claim that the attacks are hitherto unsuccessful and costly.

It is estimated that Government troops suffered 25,000 casualties since they began the offensive on this front. (Reuter Bulletin).

Paris To Take Extensive Precautions To Protest British Rulers On Visit

Paris, May 27. Extensive precautions will be taken on the occasion of the visit of the King and Queen of England at the end of June.

The first of a series of conferences on the subject took place at the Prefecture of Police here today, and the conferences will, it is expected, last some days. Those taking part include the Prefect of Police, M. Langeron, the British Military Attaché in Paris, representatives of the French "Sûreté Nationale" and Scotland Yard.

GUARDED ROUTE

It is stated that in all houses bordering the route which will be followed by the Royal guests after their arrival at Bois de Boulogne railway station—that is to say, on Avenue Foch and the Champs

GENERAL SUGIYAMA

Prince Konoye asked the Cabinet members to go ahead to attain Japan's fixed objective in the "China incident" with renewed determination.

Before the Cabinet meeting, Prince Konoye visited the outgoing Ministers to express his thanks for their co-operation with him. He remained with Mr. Koki Hirota for twenty minutes, Mr. Kaya, ten minutes and Mr. Yoshino five minutes. (Reuter).

JAPANESE MAY VACATE PRATAS ISLAND

(From Our Own Correspondent)

Canton, May 27.

Pratas Island, south-west of Hong Kong, which was occupied by the Japanese navy, is reported to have been given up in favour of Amoy and Tamengshan Island, about 50 miles south-west of Hong Kong, it was learned here today.

While this report is not yet confirmed, Pratas Island is of not much use as a naval base owing to the fact that they are located in a typhoon centre. They are also too far away from the mainland.

Since the Japanese occupation of Pratas no more weather reports have come, much to the inconvenience of mariners. It is not known whether the observatory there was demolished or just put out of commission.

Palestine Disorders Continue Unabated

Jerusalem, May 27.

Disorder in Palestine continues unabated.

Four Arabs were killed and three wounded in a clash with an armed gang near Haifa today.

Six gunmen were killed when troops arrived and engaged them. In the same district, an Arab policeman was killed this morning. (Reuter Bulletin).

VALENCIA ARREST OF ITALIAN CAUSES STIR

Rome Indignant Over Treatment Of International Non-Intervention Official

Rome, May 27.

The arrest today of the Italian control official, Signor Mezzacapa, by the Spanish Republican authorities at Valencia has caused great indignation here.

The latest reports here state that Signor Mezzacapa, who is an officer of the Italian merchant navy in the service of the London Non-Intervention Committee, was on board the British steamer, Greatend, in his capacity of control official. Shortly after the steamer's arrival at Valencia, an air raid on the port took place in the course of which the steamer was hit by a bomb and commenced to sink, whereupon the Captain gave order that all on board, including the Italian observer, should go ashore.

The port authorities, however, protested against the landing of the Italian, who consequently remained on the steamer which touched bottom in shallow water and was only partly submerged. A few minutes later, however, another bomb struck the ship, causing fire to break out.

Under these circumstances, Signor Mezzacapa had no option but to go ashore when, this time, he was taken in custody.

He was subsequently transported by plane to Barcelona, where it is stated he is now detained in prison. (Transocean).

BRITISH DEMAND RELEASE

London, May 27.

It is announced that the British Charge D'Affaires in Barcelona has been instructed by the British Government, at the request of the Non-Intervention Committee, to demand the immediate release of Signor Mezzacapa.

CHINESE RECAPTURE LANFENG

SMASHING ATTACK IS MADE FROM ALL SIDES

Hotseh Is Also Retaken

KAI-FENG, MAY 27.

CHINESE TROOPS RECAPTURED LANFENG, important town on the Lunghai Railway, 43 kilometres east of Kai-feng, early this morning, according to a message from the front.

LAUNCHING A SMASHING ATTACK from all sides, the Chinese broke into the city at 1 a.m. and challenged the Japanese in bloody hand-to-hand street combats. After two hours of fighting, the enemy were repelled from the city and retreated in a northeasterly direction. Heavy casualties were sustained and large quantities of arms were abandoned by the Japanese. (Central News).

A Transocean message from Hankow states that while only minor skirmishes have taken place on the front, west of Hsuehchow, the principal scene of the fighting was near Kai-feng where the Chinese are stubbornly resisting the Japanese advance at the railway junction of Chengchow. Both sides have suffered heavy losses. The Japanese made no appreciable headway, but the Chinese succeeded in recapturing Hotseh.

The Japanese began to send up reinforcements to the north bank of the Yellow River, the first arrivals, numbering 2,000, being bombed by Chinese aeroplanes. A pontoon bridge was blown up and numerous Japanese were drowned.

Bitter fighting continued the whole day west of Hotel, on the northern bank of the Yangtze River, where a second offensive against Hankow is expected by the Chinese military circles. The Japanese warships near Hotel could not join in the action on account of the particularly low level of the water.

CHINESE ADVANCING ON PAOTOW. Hankow, May 27. Chinese forces, assisted by militiamen, in west Suiyuan, are rapidly advancing on Paotow, terminus of the Peiping-Suiyuan Railway, a Yulin report received by the local Ta Kung Pao states.

Several important points in the vicinity of Paotow, including Tashuwan, have been surrounded by the Chinese attacking forces. (Central News).

CHINESE RECAPTURE CHENLIU. Kai-feng, May 27. Inflicting staggering blows on the Japanese forces operating in disconnected positions between Kai-feng and Lanfeng, Chinese troops scored a number of successes during the last twenty-four hours' heavy fighting, culminating in the

recapture of Chenliu, important junction twenty kilometres south-east of Kai-feng, at dawn. A general counter-offensive was ordered by the Chinese command early yesterday morning. Acting in close co-operation, the various units gradually pushed the invaders back and retook a number of points west of Lanfeng, including Liangchal.

Chenliu, which was held by the Japanese army as a stronghold in their north Honan operations, was surrounded and by dawn, after repeated fierce assaults, was recaptured by the Chinese forces.

Before the Chinese occupation of the city, hand-to-hand fighting broke out in the streets in which numerous Japanese were killed and wounded.

The invading troops were finally compelled to evacuate Chenliu, leaving behind quantities of military supplies. (Central News).

ARTILLERY DUEL FOR TASHUSHAN

Luan, May 27. The battle for the possession of Tashushan, dominating height outside Hotel, continued with increasing violence throughout this morning and afternoon.

For over ten continuous hours since this morning, a fierce artillery duel rumbled between the Chinese and Japanese batteries, with both suffering heavy casualties but neither gaining the upper hand. (Central News).

PAOTING SURROUNDED BY CHINESE GUERRILLAS

Hankow, May 27.

Drawing closer their activities to the city, Chinese guerrilla forces operating in north Hpei have thrown a strong cordon around Paoting on the Peiping-Hankow line, about three miles outside the walls.

Since the beginning of the month, it is stated, strong units of Chinese have made a number of assaults on Paoting, sometimes actually penetrating into the heart of the city to engage in street fighting with the Japanese garrisons.

With most of its garrison troops transferred elsewhere, Paoting is defended by only a skeleton force of Japanese. Large numbers of Japanese and bogus regime workers have recently left in a hurry for the safety of Peiping.

Communications between Paoting and nearby districts, it is stated, have been completely cut by Chinese guerrilla forces.

Aside from Paoting, numerous cities and towns in south Hpei are now infested by Chinese guerrilla troops, hampering the activities of Japanese forces along the railways and other communication lines.

Among the important points recaptured by Chinese forces, it is reported, are Hoken and Shien-hien, where the Japanese garrison forces were routed.

Most of the men appointed by the bogus regime in Peiping to these cities have either taken to flight or were captured by the Chinese forces. (Central News).

JAPANESE RAID LISHUI

Kinkwa, May 27.

Lishui, the temporary seat of the Chekiang Provincial Government, was subjected to an air attack by three Japanese planes early at nine o'clock yesterday morning, according to a telephonic report received here today.

Altogether forty bombs were dropped by the three invading planes, killing sixteen persons, wounding eight others and demolishing scores of houses. Four rickshaws were destroyed by the explosion of the missiles.

In the vicinity of the railway station, where fell the largest number of bombs, many structures were levelled to the ground by the terrific concussion of the missiles.

Inside the city, a dozen houses were damaged and a horse killed. (Central News).

VACCINATION CERTIFICATES NECESSARY

Canton, May 27.

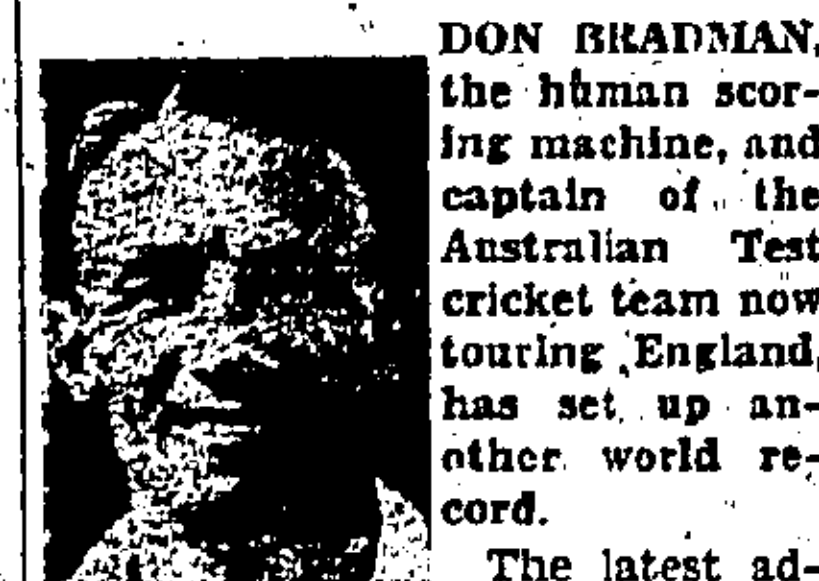

All passengers from Canton have been notified that it is necessary to produce vaccination certificates before landing in Hong Kong.

A notice was inserted today in the Canton Daily Sun by the agents of the Hong Kong, Canton and Macao Steamboat Co., Ltd. (International).

Bradman — The Record Breaker

Over 1000 Runs In May

HANTS BOWLING PUNISHED

DON BRADMAN, the human scoring machine, and captain of the Australian Test cricket team now touring England, has set up another world record.

The latest addition to his already long list of records is that he has twice accomplished scoring 1000 runs before the end of May. It will be recalled that during the 1930 tour it was on the same ground, Southampton, that Bradman completed his 1000th run before the end of May.

Below will be found his best figures so far for the present tour:

258 v Worcester

58 v Oxford

137 v Cambridge

278 v M.C.C.

143 v Surrey

145 v Hampshire

Australia's score in the match against Hampshire is 320 for 1 (declared). Bradman scored 143 and J. H. Fingleton 123. (Reuter).

Among Bradman's many records we find that he topped the averages for all matches during the last tour of England with a total of 2,106 and an average of 94.75 for eight Test match innings. He has scored over 60 centuries in first-class matches and has shared in 90 partnerships of over 100, of which one was over 400, five between 300 and 400 and 17 between 200 and 300.

CATHOLIC NEWS AND NOTES

MAY PROCESSION

Tomorrow, the last Sunday of May, there will be the customary Solemn Procession in the open air around the Catholic Cathedral. It is interesting to note that the procession, which has always been a regular form of devotional display in the Catholic Church, is coming into its own again, outside the Church. Now no important State function of any kind is complete without a procession, sometimes dignified by the name of a parade, though one can remember the time not so many years ago when it was the fashion for people outside the Catholic Church to characterise the practice as ridiculous.

The Catholic Church, through centuries of experience, has learned how to hold the mean between extreme severity in outward form of worship and forms that appeal to the imagination and attract more simple-minded people. It caters for all because it is "Catholic" and includes all within its fold.

In the convents of the strictest of enclosed Religious Orders there is an absolute minimum of outward form, for the religious who live such a life are expected to have learned to worship God "in spirit and in truth," while among people who have a natural love for colour and movement and display the Church sanctions richer forms of outward ceremony, taking care, however, that nothing contrary to reverence is permitted. While the Catholic Church is rigid in demanding unity in essentials, it permits considerable variety in essentials, but always there is the check of legitimate authority.

A REFORMER OF CHURCH MUSIC

Now that the Church music of William Byrd is so well known, it is hard to realise that the man who brought his work back to recognition after it had been practically forgotten has only just died. The man who did it was Sir Richard Terry, the organist and director of music at Westminster Cathedral. Terry's training was in Anglican Church music, for after having been a Choral Scholar of King's College, Cambridge, he spent some years as choirmaster and organist in churches of the Church of England before he became a Catholic.

His first position as a Catholic was that of organist in the Benedictine Abbey of Downside, and there it was that he developed the interest in liturgical music which was to make him a great reformer. Cardinal Vaughan brought him to Westminster in 1901, and immediately he began the movement of return to plainsong and to classical polyphony which was an innovation in those days of florid music. He met with much opposition at first, but he lived to see the reform made universal.

He was, it is true, only one of those responsible for it, but he was the leading exponent in England of the more sincere form of Church music. He was a musical scholar of eminence and in almost every department of music left his mark in England. He published many works of music and about music and was said to know more about sea shanties than any man in England.

LONDON'S JUBILEE LORD MAYOR

Another English Catholic knight who died recently was Sir Stephen Killick, who was Lord Mayor of London during the Jubilee year of King George V. He was the fifth Catholic Lord Mayor of London since the Reformation and was said to be the one that most resembled the most famous of Catholic London Lord Mayors before the Reformation, the immortal Dick Whittington.

Owing to his father's death he had to leave school at the age of twelve and earn his own living. He got work as an office boy at five shillings a week and spent on books whatever he could spare from his meagre salary. By dint of great persistence he became an accountant, passing his examinations with honours, and later a stockbroker. Eventually he was senior member of the Committee of the Stock Exchange.

As a boy he got encouragement from the story of David Copperfield, and his affection for Dickens never wavered. He was President of the Dickens Fellowship for two years. He was an excellent public speaker and during his term of office as Lord Mayor had to make over a thousand speeches. The charity to which he gave most of his attention was the Society of St. Vincent de Paul, with which he was connected for several years.

AT BUDAPEST

Catholics all over the world will be present in spirit tomorrow at Budapest where the ceremonies of the International Eucharistic Congress are coming to a close. It should be possible for wireless listeners to hear some of the closing ceremony, for some of the European short-wave stations are relaying part of it. The Budapest wave length is 19.52 m. 15.37 Mc/s. The strength of the station is 6 KW.

A particular feature of the broadcast which should be of interest is the singing of the traditional Hungarian hymns. These hymns are founded on ancient folk tunes and are quite unlike any other hymn music.
Under the heading "Queerest Reason for Stopping Big Soccer and Lawn Tennis Matches" one of the London papers announced that Hungary's Davis Cup match was being postponed on account of the Congress, while the matches that the Arsenal Football Club were to play in Budapest this month were cancelled because of it. The reason for the cancellation and postponement was not, however, for any other reason than that of public order. As there would be such enormous crowds of people in the city for the Congress there would be no police available to perform the necessary duties when hospitality is being given to important sporting visitors.

CHRISTIAN SCIENCE LESSON SERMON

Subject: Ancient and Modern Necromancy Alias Mesmerism and Hypnotism. Denounced.

The subject of the Lesson Sermon in all Christian Science Churches tomorrow, May 29 will be "Ancient and Modern Necromancy, Alias Mesmerism and Hypnotism. Denounced."
The Golden Text will be "Take heed that no man deceive you." (Matt. 24:4).

Among others the following citations will be read from the Bible: "And there was war in heaven: Michael and his angels fought against the dragon; and the dragon fought and his angels and prevailed not; neither was their place found any more in heaven. And I heard a loud voice saying in heaven, Now is come salvation and strength and the Kingdom of our God and the power of his Christ: for the accuser of our brethren is cast down, which accused them before our God day and night. Therefore rejoice, ye heavens, and ye that dwell in them." (Rev. 12:7-10).

The following citations will also be read from the Christian Science Textbook "Science and Health with Key to the Scriptures" by Mary Baker Eddy: "The great red dragon symbolises a lie—the belief that substance, life and intelligence can be material. This dragon stands for the sum total of human error. The Revelator lifts the veil from this embodiment of all evil, and beholds its awful character; but he also sees the nothingness of evil and the aliveness of God. There is no power apart from God. Omnipotence has all power and to acknowledge any other power is to dishonour God." (Pages 563, 228).

THE SERVICES

ROYAL NAVY

DESTROYER FLAGSHIP

The cruiser Galatea, which returned to Devonport on April 7 on the conclusion of her commission, will be joined by a new crew from the local naval barracks about June 9, and is to return to the Mediterranean about July 26 for further service as flagship of the Rear-Admiral (D), Mediterranean Flotilla.

FISHERY PROTECTION

H.M.S. Foyle, Lieutenant-Commander A. B. Allison, reduced to reserve at Chatham on May 17 and will be manned by a pensioner crew. Her place in the Fishery Protection Flotilla will be taken by H.M.S. Mastiff, completed by Henry Robb, Limited, Leith, to which Lieutenant-Commander Allison transfers in command.

The Foyle was built in the latter part of the War as the trawler John Edmund. She was renamed the Foyle on being allocated for fishery patrol duties after the Armistice, and served in the Irish Flotilla at Queenstown.

In 1920 she was taken over by the South African Government for minesweeping instructional duties and was renamed Sonneblom. On the disbandment of the South African Naval Force in March 31, 1934, she reverted to the Royal Navy and resumed the name of Foyle.

PAYMASTER SUB-LIEUTENANTS

The following officers passed the examination for the rank of paymaster sub-lieutenant which was held in January last:—

A. K. D. Edmunds (first-class certificate); N. R. Beach, W. H. Field, E. R. Wheeler, J. D. Cox, J. V. A. Masters, J. Hutton-Attenborough, T. B. N. Caws and A. L. S. Allen (second class); and D. J. Mathias (third class).

LEIGH CARSLAKE AWARD

No essay submitted in the 1938 competition for the Henry Leigh Carslake Prize has been deemed of a sufficiently high standard to justify the award of the medal. A prize of books or instruments to the value of five guineas has been awarded under the trust fund to Lieutenant B. J. C. Wise, R.N., in respect of his essay.

MERCHANT SHIP DEFENCE COURSES

A new Order in Council provides that R.N. and R.M. pensioners re-entered in the Navy for instructional duties in connexion with the Merchant Navy officers' defence courses are to be under similar conditions of service and with the same rates of pay and allowances as instructors to the R.N. Volunteer Reserve. The order has retrospective effect from November 18, 1937.

H.M.S. MAIDSTONE

The new submarine depot-ship Maidstone, Captain P. Ruck-Keene, which arrived at Portsmouth recently from the Clydebank shipyard of John Brown and Co., Limited, on completion, will probably leave for the Mediterranean on June 14, calling at Gibraltar on the 18th and arriving at Malta on the 21st. She is to replace the Cyclops.

TRAWLERS IN RESERVE

It has been decided that the trawlers in reserve at Devonport and Rosyth shall be constituted as groups for administrative purposes, known as No. 4 Group at each port. The commanding officer of the Magnolia is in command of No. 4 Group, Devonport, and the commanding officer of the Jasper of No. 4 Group, Rosyth.

GREENWICH HOSPITAL PENSIONS

Lieutenant-Commander F. St. J. Broughton, R.N., retired, has been awarded a Greenwich Hospital pension of £40 a year in the vacancy created by the death of Lieutenant-Commander J. Coleman on April 11. A Greenwich Hospital pension of £30 a year has been awarded to Lieutenant G. Hunt, M.B.E., R.N., retired, in the vacancy created by the death of Mr. R. J. Outhin, Gunner, R.N., retired, on March 3.

PASSING OF THE C.S.R.

The former 15th (County of London) Battalion, The London Regiment (Prince of Wales's Own Civil Service Rifles) has ceased to exist.

An official announcement shows that even the last vestige of its name, which since 1921 has remained as part of the title of the amalgamated battalion known as the Queen's Westminster and Civil Service Rifles, is now extinguished, and thus the death-knell is sounded for one of the many fine units of volunteer infantry which came to birth in the great movement for national defence of 1859.

BIG BROADCAST OF 1938

A brilliant cast of top-notch radio and film stars, scintillating music and dancing, high comedy and gorgeous settings make "The Big Broadcast of 1938," which opens at the Queen's and Alhambra Theatres today, one of the most amusing and most thoroughly delightful pictures of the year.

Headed by W. C. Fields, the cast includes Martha Raye, Dorothy Lamour, Shirley Ross, Ben Blue, Bob Hope, Lynne Overman, Leif Erikson, Grace Bradley and Tito Guizar, with specialties by Mme. Kirsten Flagstad of the Metropolitan Opera and Shep Fields and his Rippling Rhythm Orchestra.

The seven new songs featured are: "You Took the Words Out of My Heart," "Mamma, That Moon Is Here Again," "Thanks for the Memory," "The Waltz Lives On," "This Little Riddle Had Rhythm," "Don't Tell a Secret to a Rose" and "Sawing a Woman in Half."

EXCLUSIVE SZECHUEN DELICACIES TO BE SERVED IN SPOTLESS SURROUNDINGS

It is a well known fact that for many years now Chinese culinary experts have vied with their French rivals in turning out food delicacies to please the most critical palate. How far they have succeeded in this is borne out by the fact that restaurants serving Chinese food are well patronised by westerners.

What is probably unknown however is the fact that in different parts of China, Chinese chefs place different kinds of food, specially adapted to such places, before their patrons.

Hong Kong has a number of Chinese restaurants but they all serve the Chinese food which southern Chinese are accustomed to. Hong Kong residents will have an opportunity very soon of tasting Chinese dishes of a different kind. For this they must thank the enterprising spirit displayed by Mr. Ginarn Lao, a much travelled northern Chinese who, with keen business acumen, has decided to open a restaurant where Szechuen food will be served exclusively.

This restaurant, which will be known by the name of "Cafe de Chine" is situated on the top floor of China Building, in Queen's Road.

WIDE EXPERIENCE

Mr. Lao has had a wide experience in hotel and restaurant business, having been manager of the Lakeview Hotel in Hangchow and the Grand Hotel in Ningpo, while his trips to Europe and America have added considerably to his knowledge of the manner in which he can best attract and please his patrons.

He has engaged some of the most expert cooks in North China for his new restaurant and, as he explained to a Daily Press representative yesterday, Hong Kong residents will find something which is at the same time different and pleasing when they visit the Cafe de Chine, which will open for business in the near future.

"I feel that there is something lacking in many Chinese restaur-

WHO TOLD YOU THAT?

"Can't you see that sign?" asked the conductor. "It says 'No Smoking'."

"Sure, Cap'n, but blast me, half of them are nutty. Pipe that one on the starboard. 'Wear Princess Claire Corsets.' Show me yours, and I'll quit smokin'."

SOLUTION TOMORROW

Mei Lan-Fang To Help War Charities

LEE THEATRE PERFORMANCES

Mei Lan-fang, the great Chinese actor, who has been playing at the Lee Theatre to capacity audiences, has very kindly consented to co-operate in the campaign to raise funds for relief of Chinese war orphans and children of refugees.

He will appear in a programme of two plays, the proceeds from which will be devoted to relief purposes through the Hong Kong Chinese Women's Soldiers' Relief Association.

The first play, "Lady Precious Stream," will be presented tonight at the Lee Theatre, and tomorrow night "Hsi Shih" will be presented.

An admirable project like this deserves all the support that the public can give, and that it will be a financial success may be expected from the fact that Mei Lan-fang is the greatest "drawing card" on the Chinese stage.

**IMPORTANT WITNESS IN SPY RING
PROBE FLEES U.S.**

**Official Explanation
May Be Demanded Of
Germany In Griebel Case**

New York, May 27.
A conference between Mr. Lamar Hardy, Chief Prosecutor in the
spy ring investigations, and the Attorney General, Mr. Homer Cum-
mings, has given rise to a report that the United States will de-
mand an explanation from Germany for the recent mysterious dis-
appearance from New York of Dr. Ignatz Griebel.

Dr. Griebel, a former leader of the Nazis in the United States,
was an important witness in the case being prepared by the spy
ring investigators.

He disappeared on May 10, when
he boarded the steamer Bremen,
allegedly without a passport. Mrs.
Griebel professes to be mystified re-
garding her husband's where-
abouts.

It now transpires that Dr. Griebel
arrived in Germany aboard the
steamer Bremen on May 21. After
paying a fine of 50 marks for
breaking the German passport re-
gulations he was freed.

**BREMEN COMMANDER
GRILLED**
Federal agents swooped aboard
the Bremen before she docked in
New York on the return journey
last night and subpoenaed the

**CZECHS CHARGE
GERMAN PLANES
CROSSED BORDER**
Prague newspapers assert that
between May 20 and 25, 17 Ger-
man military planes flew over the
Czech frontier and that 16 other
units of the German air arm also
appeared over Czech territory.

It is declared here that it is
significant that no description of
the military marks of the
machines is advanced and com-
petent circles state, therefore, that
the planes could only have been
mail and passenger machines.—
(Transocean).

INQUIRY SUGGESTED
London, May 27.
Mr. Noel Baker, speaking in the
House of Commons yesterday sug-
gested the dispatch of an inter-
national commission to the Czecho-
slovakian and German frontier to
investigate alleged incidents.

Mr. R. A. Butler, Under-Secretary
for Foreign Affairs, promised to
bear the suggestion in mind should
it appear likely to be helpful.—
(Reuter).

24 HOURS' PEACE
Berlin, May 26.
No fresh incidents have been re-
ported from Czechoslovakia or
along the Czechoslovakian frontier
during the past 24 hours, accord-
ing to official German sources.—
(Reuter).

SOVIET COMMENT
Moscow, May 16.
Nobody doubts the Soviet's
loyalty to treaty obligations, says
the semi-official Izvestia, com-
menting on events in Czechoslovakia
and expressing the opinion that
tension still exists despite a mo-
mentary lull.

There is no guarantee, says
Izvestia, that the Fascist aggres-
sor won't try full speed tactics in
the future.

No concession, then, by Czecho-
slovakia could avert war, unless the
Fascist aggressor were made to
realize that Europe does not intend
to sacrifice one of the last peace
strongholds, Czechoslovakia, the
newspaper concludes.—(Reuter).

MASARYK IN PRAGUE
Prague, May 27.
Dr. Jan Masaryk, Czech Minis-
ter in London, arrived by plane
yesterday, bringing to the Czecho-
slovakian Government the British
proposal, made by Lord Halifax
on Wednesday that neutral ob-
servers should be sent to Czecho-
slovakia.

Dr. Masaryk will have conversa-
tions with Czech Government
Ministers today.

TO PRESENT DEMANDS
The Sudeten German Party will
present its demands formally to
the Czechoslovakian Government
in course of the next few days.

Well-informed quarters believe
that the demands will be based on
the eight points which Herr Kon-
rad Henlein enumerated some
time ago at Karlsbad.

POSTPONEMENT PROPOSED
Several Czech municipalities
have petitioned for the post-
ponement of the municipal elections of
May 29 and June 12, states the
Neue Morgenpost.—(Transocean).

**Trouble At Goodyear
Rubber Works**

Akron (Ohio), May 27.
Fifty men and women strikers
were injured, 39 of whom were
sent to hospital, following a police
charge with truncheons and tear
gas bombs outside the Goodyear
rubber tyre factory here today.

The workers today called a
sudden "strike at the Goodyear
plant after resuming work yester-
day.

It had been announced that an
agreement had been reached be-
tween the Company and its em-
ployees after a down-tools in protest
at an alleged violation of
seniority rules and the dismissal
of some electricians.
About 8,500 workers are affect-
ed.—(Reuter).

**OBJECTION TO
GERMAN DECREE
AGAINST JEWS**

**Britain May
Follow U.S.
Action**

London, May 27.
Mr. R. A. Butler, Under-Secretary
for Foreign Affairs, was asked
in the House of Commons yester-
day whether he was aware that
the United States Government had
presented a formal protest to the
German Government against the
application to American citizens of
the decree requiring all Jews to
register property in Germany in
excess of 5,000 marks in value.

Mr. Butler was further asked
whether he would make a similar
protest on behalf of British
citizens.

To the first question, Mr. Butler
gave an affirmative answer. As
regards the second question, he
said that he was awaiting the Ger-
man Government's reply to ques-
tions which the British Ambas-
sador in Berlin had addressed to
the Reich authorities.—(British
Wireless).

**PUPPETS MAKE
OPIUM LEGAL**

**What amounts to legalising the
sale of opium in North China is
contained in an order issued by
the provisional government today.**

The order states that a "general
welfare tax" of 20 cents per ounce
on raw opium sold in drug stores
in Peiping will be imposed im-
mediately.—(Reuter).

**SHANGHAI COURT
REMAIN INTACT**

**CONSULAR BODY TO
RESIST CHANGE**

Hankow, May 27.
With reference to the intention
of the bogus government in Cen-
tral China to take over the Kiang-
su Second Branch High Court and
the Shanghai First Special District
Court, it is learned that the Con-
sular Body in Shanghai decided at
a recent meeting to keep the pre-
sent status of the two courts in-
tact in accordance with the agree-
ment reached between the Na-
tional Government and the Inter-
national Settlement.

It is said that the Shanghai
Municipal Council has been in-
structed to give due protection to
the courts, and special police are
now guarding the gates.—(Central
News).

**ITALIANS IN JAPAN
AIR FORCE**

Denial Issued

Hankow, May 27.
The Italian Embassy here has
just issued a statement emphati-
cally denying the report recently
circulated in Shanghai by a
foreign news agency to the effect
that Italian aviators are in the
employ of the Japanese air force
and that two of them have been
captured by the Chinese.

The statement characterises the
report as "entirely groundless."
(Central News).

**FEMALE SPY
SHOT**

The Chinese female spy Lily
Han, who was recently arrest-
ed in Hankow, has been shot,
according to the local Lih Pao,
a popular tabloid paper.

The spy, said to be of
"striking beauty," was a form-
er celebrated cabaret queen in
Shanghai. A check of \$50,000
from a certain foreign bank
led to her arrest.—(Central
News).

**Agreement Reached
At Non-Intervention
Committee Session**

London, May 27.
After more than two hours' nego-
tiations, which proved exceedingly
difficult, the Non-Intervention
Committee, which met yesterday
adjourned till 3 p.m. today.

Despite the opposition of the So-
viet delegate, agreement was
reached that the volunteers in
Spain should be classified into the
following categories: members of
the land army, fleet, air arm and
civilians.

Agreement was also reached as
to the proportion of each category
to be withdrawn by each party.

LAND AND SEA CONTROL

The second point discussed was
land and sea control, concerning
which it was decided that a sub-
committee should furnish a report.

The third point discussed con-
cerned the re-establishment of
land control on the Franco-Spanish
frontier after the arrival of a com-
mission for evacuation of volun-
teers from Spain.

The French and British proposal
that control should be resumed 15
days after the arrival of the com-
missions, then remain in force 30
days, to be lengthened if necessary
by ten days, was accepted.

The fourth point concerned the
financing of the withdrawal of the
volunteers. Full discussion of this
question was postponed.—(Trans-

far been recovered from the debris
of houses destroyed by insurgent

whole families, on shopping tours,
were wiped out.

One bomb alone killed 50 persons.

**Further Palestine
Outrages**

Jerusalem, May 27.
Arab irregulars carried out num-
erous attacks in various parts of
Palestine yesterday, chiefly on
military camps in the mountains,
on the aerodrome at Lydda and on
several Jewish settlements.

A police patrol not far from
Jaffa was attacked, one English-
man being killed. The patrol was
removing a mine placed by ir-
regulars beneath a bridge.

Seven Arab irregulars were taken
captive by British reinforcements
which arrived on the scene.—

"S.M.I.L.E."FINE SHOW AT
CHINA FLEET
THEATRE**Governor Present**

"S.M.I.L.E." presented by the R.A.M.C. Players at the China Fleet Club last night, was a decided success. Every member of the cast proved worthy of the applause received from the large audience, which included H.E. the Governor and Lady Northcote.

"Wesley" Wosencroft is the composer of the show while Mr. A.A. Barton is the producer. Stage settings were cleverly arranged by Mr. J. Hollis.

The Humorous Three (Messrs. Fred Davies, Johnnie Harvey and Frank Florence) rendered very efficient entertainment in the way of jazz, in some items impersonating the famous American screen-stars, the Mills Brothers.

A humorous sketch entitled "Pelmanism" kept the house in constant bursts of laughter. The singing of Hector Wiggins was well received.

"Romany" a scene with gypsy settings and singing by different members of the cast, was also highly appreciated.

The band of H.M.S. Cumberland supplied the music throughout the show, the proceeds of which will be donated to the Boy Scouts' Association.

Jumble sales, held simultaneously yesterday at the Kowloon and Hong Kong Union Churches, were well attended.

**MAFOO GETS SIX
MONTHS FOR
SERIOUS ASSAULT**

The stabbing incident which occurred at the servants' quarters of the Hong Kong Jockey Club stables on May 18, had a sequel before Mr. Butters at the Central Court yesterday when a mafoo, Wong Yau-yun, was found guilty of the charge of causing grievous bodily harm to Sui Fong-lam, another mafoo, and was sentenced to six months' imprisonment. A recommendation for banishment was also made by Mr. Butters.

"Nothing that defendant says can mitigate the seriousness of the offence. He might have been facing a charge of murder," declared Detective Sub-Inspector Darkin in prosecuting the case.

Inspector Darkin said that the men had a quarrel in the morning over the loss of a jacket. Blows were exchanged, but the incident was soon over. Later in the evening defendant met complainant in the stairway and struck him with a three-cornered dagger in the back. The wound penetrated complainant's lung. The latter did not at once realise that he had been wounded and continued to struggle with Wong in the servants' quarter where he suddenly collapsed and lost consciousness.

AIR MAIL HELD UP

The Imperial Airways liner due from Bangkok yesterday was held up at Bangkok by the non-arrival of the mails by the main line machine. The date and time of her arrival is uncertain.

DORADO LEAVES

The Imperial Airways plane, Dorado, left Kai Tak yesterday for Bangkok at 6 a.m. with one passenger for London and one for Calcutta, 155,847 kilos of mail and 5,433 kilos of freight.

**TWO CARS AND
A TRAM
IN COLLISION****PRIEST IS FINED**

The Rev. Charles L. Meus, of Metropole Hotel, was fined \$10 by Mr. Butters at the Central Court yesterday for driving a private motor car without due care and caution along Causeway Road on May 18.

Mr. C. A. Sutherland Russ appeared on behalf of the defendant, who was absent from the Colony, and pleaded guilty.

Mr. Russ said that the accident was not a question of recklessness on speed. Defendant had been used to driving on the right side of the road in Continental countries and unintentionally committed a breach of the local traffic regulations.

Inspector S. C. Saunders, of the Traffic Department, said that about 10 p.m. on the day in question, the defendant was driving along Causeway Road in a westerly direction. A taxi, travelling on the proper side of the road, was coming from the opposite direction. The two vehicles came into collision on the tram line. A tramcar also struck the taxi, causing considerable damage.

The tram driver, Tsang Sang-kong, was fined \$15.

Tsang pleaded that the lighting was bad at the scene of the accident and it was raining at that time.

Mr. Butters remarked that Tsang should have been able to see the cars on the line, and if he failed to observe the vehicle he would have failed to observe a pedestrian.

NO LICENCE

W. Hambrook, of H.M.S. Pandora, was fined \$10 by Mr. Butters at the Central Court yesterday for driving a car without an appropriate licence, along Island Road on May 7.

J. Heaton, of H.M.S. Perseus, was also fined \$10 for allowing Heaton to drive the car.

W. A. Sipperell was summoned for driving a car in a manner dangerous to the public along Wanchai Road and Arsenal Street on May 10.

Mrs. Sipperell pleaded guilty on her husband's behalf, and was fined \$25.

**B. & S. PROSECUTED
IN CARGO CASE****Alleged Working
At Night**

Messrs. Butterfield and Swire, Ltd., were summoned before Mr. Barnett at the Kowloon Court yesterday for unlawfully signing the endorsement "not used" when cargo was discharged from the S. S. Mentor at 8.20 p.m. on April 24.

Mr. D. B. Evans, representing the defendants, pleaded not guilty. Police Sgt. Mattinson in evidence stated that he saw cargo working on the ship.

HELD UP BY RAIN

Mr. Cessford of the Freight Department of B. and S., said that no cargo was worked that night, and that if there was he would know about it. When visiting the ship, the Chief Officer had told him that the work was held up by the rain, and consequently no work was done.

The hearing was adjourned till August 23, when a definite date could be given as to the date of the arrival of the s.s. Mentor in Hong Kong.

Inspector O'Connell prosecuted.

**BALLROOM SUMMONS
HEARING**

Further evidence in connection with the summons against the Majestic Ballroom for causing unnecessary noise to disturb the peace, was given yesterday before Mr. Edwards at the Central Police Court.

Mr. Abbott, Assistant Crown Solicitor, appeared for the prosecution and Mr. M. A. da Silva was for the defence.

Mr. D. Fitches was the complainant.

Yesterday Ng Hin-wing, residing at No. 29, Des Voeux Road, said that the noise created by the dance band was not very audible and could not be regarded as a disturbance. He said that occasionally the noise caused by the trams was more annoying than the band.

Witness was a light sleeper, but had never been troubled from his sleep by the band.

The hearing was adjourned sine die.

**ASSAULT ON
TAXI-DANCER****Further Evidence
At Magistracy****EYE-WITNESS'S STORY**

Further witnesses for the prosecution gave evidence yesterday at the resumed hearing of the case in which an accountant, Yip Ping-chun, aged 30, was charged with the alleged assault of Miss Yung Lai-la, taxi-dancer employed by the Capitol Ballroom, on April 1, before Mr. Butters at the Central Court.

Mr. M. A. da Silva, assisted by Detective-Sergeant J. A. An, conducted the prosecution, while Mr. Hin-shing Lo, instructed by Mr. J. M. Hall, appeared for the defence. Mr. C. D'Almada held a watching brief on behalf of the Capitol Ballroom.

Miss Chan Lan-si, taxi-dancer, yesterday testified that she was about a foot away from defendant while dancing. A commotion drew her attention and the first thing she saw as she turned was defendant striking Miss Yung. "He first kicked her once and then struck her," witness went on to say.

COUNSEL'S QUESTIONS

Mr. Hin-shing Lo asked:—Before the incident you worked together with complainant?—Yes.

Have you seen the complainant since the incident?—Yes, we have met.

Have you discussed with complainant what evidence you were to give before His Worship?—No.

In answer to Mr. Silva's question you said you didn't know where defendant had kicked complainant but merely lifted up his foot towards complainant?—Yes.

MANY PERSONS NEAR

Do you think that at the moment when defendant lifted his foot you can say you were the nearest to defendant?—I didn't pay much attention. There were many other persons just about the same distance away. Witness disagreed that the lifting of his foot could have been the execution of his steps during dancing.

Did you hear defendant remonstrating with complainant requesting her not to have trouble with his partner?—No.

Lau Puk-hit, assistant manager of the Capitol Ballroom, testified that he saw the whole incident as he was standing near the band stand.

"I heard a commotion and I saw defendant giving complainant a blow with his fist. I clearly saw complainant trying to seize hold of defendant, and as she failed to do so, receiving a kick in her abdomen," said witness.

He separated the parties and assisted Miss Yung to a room where she was attended by a doctor.

Miss Tseung Mei-ling, taxi-dancer, told the Court that she was dancing next to defendant at the time. Complainant, who was also dancing, happened to bump into him and he struck her on the face, and gave her a kick. A European separated the struggle and held the defendant.

The hearing was adjourned to June 14.

WRONG PARKING

A fine of \$5 was imposed by Mr. Macfadyen at the Kowloon Court yesterday on Mr. C. L. Williams, of the Asiatic Petroleum Company, for having parked his car on the north side of Salomon Street, near the Majestic Theatre, on April 30. Defendant pleaded guilty.

**ALLEGED NAVAL
DESERTERS**

Ten of the 19 alleged deserters from H.M.S. Dorsetshire while she was in Australia are on their way to Hong Kong.

Whether or not any of them will be court-martialled will depend on the result of inquiries which will commence as soon as they arrive.

Mr. F. Stafford-Smith, the popular tai-pan of the British-American Tobacco Company, returned to the Colony yesterday by the s.s. Chitral. He had been on a business visit to Shanghai.

Mr. J. H. Penington, Chief Constructional Engineer of the International Combustion, Ltd., who recently secured large order from the China Light and Power Co., Ltd., returned to the Colony from Shanghai yesterday. He is staying in the Peninsula Hotel.

**"BRITAIN PAYING
THE PENALTY"**Sir T. O'Connor On
Past Delusions**NOT TAKING ORDERS
FROM DICTATORS**

Sir Terence O'Connor, the Solicitor-General, addressing his constituents in Nottingham recently, declared that Britain was now paying the penalty for the old opinion that peace could be secured without armaments.

"Is not obvious," he asked, "that we have been deluding ourselves since the war in thinking that we could solve all our problems by assuming that people were ready to negotiate and to do away with armaments?"

"The League of Nations Union has been passing fatuous, useless and dangerous resolutions, and meanwhile Britain was getting more defenceless and less able, by her spirit and temper, to make a true contribution towards the peace of the world."

"We are paying the penalty of that frame of mind to-day. For the first time, we witness an organisation of dictators from other countries who tell us how we shall regulate our Press, what we shall say about them and exactly what we must do if we are to keep their favour."

"It is obvious we can no longer tolerate that position. It is equally obvious that those who, more than anybody else, are responsible for the weakness and spirit which brought us to our present position, ought not, at this present juncture, to pass warlike, bellicose resolutions unless they are prepared to go out into the open squares and advocate conscription and open recruiting booths."

Sir Terence said that arms meant sacrifice, and we in England had to examine the question of whether we were prepared not only to make sacrifices to uphold our ideals, but also, in the last resort, whether we had the will to line up behind the armaments and, if necessary, die for our convictions.

"We have to protect our common ordered freedom and our right to say what we like within reason, write what we like in a free Press, and say what we like about people we don't like," he added.

**FOOT
ITCH
Athlete's Foot**

According to the Government Health Bulletin No. E.28, at least 50% of the adult population of the United States are being attacked by the disease known as Athlete's Foot.

Usually the disease starts between the toes. Little watery blisters form, and the skin cracks and peels. After a while, the itching becomes intense, and you feel as though you would like to scratch off all the skin.

BEWARE OF IT SPREADING

Often the disease travels all over the bottom of the feet. The soles of your feet become red and swollen. The skin also cracks and peels, and the itching becomes worse and worse.

Get rid of this disease as quickly as possible, because it is very contagious and it may go to your hands or even to the under arm or crotch of the legs.

Most people who have Athlete's Foot have tried all kinds of remedies to cure it without success. Ordinary germicides, antiseptics, salve or ointments seldom do any good.

HERE'S HOW TO TREAT IT

The germ that causes the disease is known as Trichophyton. It buries itself deep in the tissues of the skin and is very hard to kill. A test made shows it takes 16 minutes of boiling to kill the germ, so you can see why ordinary remedies are unsuccessful.

H. F. was developed solely for the purpose of treating Athlete's Foot. It is a liquid that penetrates and dries quickly. You just point the affected parts. It peels off the tissue of the skin where the germ breeds.

ITCHING STOPS IMMEDIATELY

As soon as you apply H. F. you will find that the itching is immediately relieved. You should point the infected parts with H. F. night and morning until your feet are well. Usually this takes from three to ten days, although in severe cases it may take longer or in mild cases less time.

H. F. will leave the skin soft and smooth. You will marvel at the quick way it brings you relief, especially if you are one of those who have tried for years to get rid of Athlete's Foot without success.

STATUS OF WOMEN

JURISTS TO MAKE A WORLD'S SURVEY

British women celebrated in London on May 14 the setting up by the Council of the League of Nations of a committee of Jurists to make a world survey of the status of women.

After a conference on the position of women in Great Britain Professor Gutteridge, British representative and chairman of the League Committee, addressed a public demonstration at University College, Gower Street.

Professor Gutteridge said that it was quite wrong to assume that because a country was a civilised democratic country everything with regard to the position of women was all right.

There were one or two countries in Europe where married women were treated very much worse than they were in the countries of the East.

He thought that if the survey did nothing else it would stir up public opinion about the unfortunate position of married women in some of these countries to such an extent that something would have to be done.

In some countries a woman could do exactly as she liked with her property; in others, she could not even open a banking account without the consent of her husband.

EQUAL CONDITIONS

Miss E. Froud, National Union of Women Teachers, appealed for the introduction of equal conditions and equal pay throughout the civil and local government services.

Miss Nancy Stewart Parnell, St. Joan's Social and Political Alliance, asked for the opening of the diplomatic and consular services to women.

Miss Picton-Turbervill, National Council for Equal Citizenship, advocated the admission of Peeresses in their own right to membership of the House of Lords. Twelve or fourteen women there, she said, would certainly brighten up that House.

Mrs. Letroy, National Council of Women, urged the separate taxation of the income of husbands and wives, and said that the present joint assessment was nothing but a tax on morality.

H.E. the Governor and Lady Northcote will be present at the launching of the s.s. Wing Sang at Kowloon Docks on Thursday at 11 a.m.

JAPAN BLUNDERS ON

"CUT YOUR LOSSES" is the advice usually followed by level-headed businessmen when they find themselves involved in a deal which will not turn out satisfactorily.

Japan, when she invaded China 10 months ago, thought she was somewhat in the position of a speculator who imagines he has stumbled on some new field for investment and the profits merely have to be reaped in.

But Japan has found to her bitter disappointment that the "bottom" has fallen out of the market and she is left with an enormous bill of expenditure and no chance of reaping any dividends.

The wise thing for Japan would be to cut her losses but too arrogant and inexperienced in the business of world affairs, she is instead intent on rushing on to destruction.

That this is so is obvious from the changes which have just been announced in the most important posts in the Japanese Cabinet.

JAPAN'S troubles in the past have been caused mainly by the fact that the militarists have had such a free hand, but now a practical military dictatorship has been set up "to more resolutely prosecute the campaign in China."

In a way this Cabinet reshuffle is rather humorous. In July last year Japan boasted

that she was going to dispossess the Chiang Kai-shek Administration.

For months she has pitted the best of her soldiers against China's armies without success. She has set up puppet governments which have proved powerless, and the result achieved is that the National Government is stronger than ever while Japan herself has had to call in fresh men to bolster up the ebbing strength of her Cabinet.

One of Japan's greatest fears is that in extricating herself from the mess which she has got into in China, she will lose face in the eyes of the world and that she will be shown up in her true colours.

But what greater admission of her weakness or what greater tribute to the heroic resistance put up by the Chinese could be needed than the present Cabinet changes?

ORIGINALLY the invasion of China was just an incident, to be settled in a few weeks. Now the Japanese explain after nearly a year's fighting that the hostilities are to be conducted on more vigorous lines with a view to bringing the war to an end as soon as possible.

Presumably just a slight alteration of plans, according to Japanese reasoning.

The changes have not been prompted solely by the perilous position of the Japanese troops in TROUBLE China; domestic developments are reaching that stage where the militarists consider stern measures may have to be taken to "convince" the Japanese people of the invincibility of their soldiers.

Even for the Japanese, who are remarkably glib, it must be difficult to believe that the Chinese are so "atrocious" when their armies raid an enemy country but drop pamphlets instead of bombs.

It is for the specific purpose of stimulating the war spirit among the Japanese people, disheartened by the prolonged war, that General Araki has been appointed Minister for Education.

In some quarters it has been mooted that the Cabinet changes are a prelude to general mobilisation and attacks on Canton and Hankow.

Should these developments materialise they will make little difference to the situation in China. Canton is well prepared for any invasion while on the

STABILISING OF EXCHANGE RATES

Canton, May 27. A plan for stabilising exchange rates was drafted at a recent meeting of local financiers and economic experts summoned by Mr. Tseng Yang-fu, Mayor of Canton and concurrently Commissioner of Finance of the Kwangtung Provincial Government.

The plan will be submitted to the National Financial Conference convened by the Ministry of Finance to be held at Hankow on June 1st.

The financial and economic conditions in Kwangtung and Kwangsi, it is stated, will form an important topic on the agenda of the forthcoming conference.

Prominent local bankers will leave in a day or two for Hankow to attend the conference. They include Mr. Ku Hsiang-chun, general manager of the Kwangtung Provincial Bank, Mr. Chung O. Mr. Chen Yu-tsan, Mr. Shen Ching and Mr. Wen Wan-ching, managers of the Canton branches of the Central Bank, Farmers and Communications Banks respectively.

Owing to pressure of his duties, Finance Commissioner Tseng will not be able to attend the conference, but will send a representative. (Central News).

KWONGCHOWWAN WILL MAINTAIN STRICT NEUTRALITY

Fort Bedford, May 27. Maintaining neutrality in the present Sino-Japanese conflict, the French authorities in Kwongchowwan are reported to have requested a Japanese cruiser manoeuvring within territorial waters to move off to the open sea.

A French gunboat happened to be at Kwongchowwan at the time and the gunboat commander signalled to the Japanese cruiser to leave French waters.

COMMANDER-IN-CHIEF

According to a Chinese report, Vice-Admiral Le Bigot, of the French Far Eastern Naval Forces, was asked by the Kwongchowwan authorities to notify the Japanese navy operating in South China not to steam into the territorial waters of Kwongchowwan.

Some wealthy Chinese have gone to Kwongchowwan as a place of refuge, and as a result the cost of living there has increased. (International).

Lunghai front more men will be only a handicap to the Japanese. With their extended and vulnerable lines of communication the invaders are experiencing the greatest difficulty in keeping the troops there now supplied with munitions and food.

ONE OF THE most interesting changes is associated with the office of Minister of War, in which General Selshiro Itagaki is to replace General Sugiyama. It is understood that General Itagaki is to be given supreme power to conduct the hostilities and that he will probably reorganise the Army.

This sounds quite impressive, but General Itagaki's own record during the war has not marked him as being over-successful as a warrior.

At the outbreak of the hostilities he was made commander of the 4th Division which was early on almost annihilated by the 8th Route Army in the engagements around the Pinghsing Pass in Shansi while the last time the General was in the news his mechanised units had got themselves hopelessly trapped at the Battle of Talerchwang.

With General Ugaki superseding Mr. Koki Hirota at the Foreign Office, it is highly probable that more than a few diplomatic toes will be trodden on during the ensuing months.

General Ugaki happens to have been a protégé of Baron Tanaka, author of the famed memorial setting out Japan's plans for world conquest.

Japan has scoffed at suggestions that she is running short of manpower but it would appear that this is just another of her bluffs.

It seems rather strange that Messrs. Hirota, Kaya and Yoshino have not observed the usual Japanese custom of Cabinet ministers who resign. They have not committed hara kiri!

Maybe the next we shall hear of these gentlemen is that they are bearing arms with the "Invincible" troops of His Imperial Majesty.

PROFESSOR AS IRISH FREE STATE PRESIDENT

Man Of 80—Poet And Historian

TO LIVE IN FORMER VICEREGAL LODGE

The first President of Eire under the new constitution of the Irish Free State is a university Professor—Dr. Douglas Hyde, poet and historian, who is nearly 80 years of age.

Recently representatives of the two principal parties in the Free State led by Mr. de Valera and Mr. Cosgrave, met to select an agreed candidate for this £15,000 post.

Their choice fell upon Dr. Hyde, and it is likely to be endorsed by the Socialist party as well.

This makes Dr. Hyde's election a virtual certainty. He is likely to be

DR. DOUGLAS HYDE

the only person nominated in a fortnight's time for the election fixed for May 31.

There were four persons at the conference, which was held so that a contested election might be avoided—Mr. H. Boland, Minister for Lands, and Mr. P. J. Rutledge, Minister for Justice, and two leaders of the Cosgrave party, Mr. James Dillon and Dr. T. F. O'Higgins.

HOME IN MOUNTAINS As President Dr. Hyde will be installed in the old Viceroyal Lodge in Phoenix Park, historic home of the Viceroy of Ireland, which will be his official residence.

Dr. Hyde was at his home at Frenchpark, in the mountains of Roscommon, when he was told of his selection.

Of late years he has seldom left the mountains he loves to visit Dublin on ceremonial occasions as a member of the Senate.

Dr. Hyde is the greatest living authority on Erse. He, indeed, was responsible for the campaign for its revival 50 years ago when it was in danger of dying out. Today, because of his efforts, the language is being taught in every Irish school, and is used in Government offices.

He is a Protestant, the son of a Protestant clergyman.

From 1909 to 1932 he was Prof. of Modern Irish in the National University of Ireland. He received the honorary freedom of Dublin, Cork and Kilkenny in 1906 on returning from the United States with £11,000 subscriptions for the Gaelic League, of which he is founder and first president.

His Excellency the Governor and Lady Northcote will be present at the performance of the "Cantabrigia Pilgrims" by the Hong Kong Singers in the Great Hall of the University, on Tuesday at 9.30 p.m.

"Love" Letters For China's Soldiers At The Front

GIRL STUDENTS' MESSAGES OF CHEER AND ADORATION

Hankow, May 27. "Mails for the War Front!" Under that banner a carload of "love" letters written by schoolgirls in Central China to China's soldiers was recently carried by train to Hsichow.

In the letters were embodied expressions of love and admiration and the hopes which the Chinese nation has for her fighters. Students of all grades in the cities of Hankow, Wuchang and Han-yang sent letters in which words of adoration were showered on the warriors. Many letters contained gifts.

FOR THE SWEATING BROW A handkerchief from a girl student with the word "bravery" deftly stitched on it was accompanied by a message which read: "This small handkerchief, is a humble gift but I hope you will find it useful as you perspire while fighting in the sweltering heat; but

on this handkerchief, you will see, has been knit my cheer for you so that, despite the scorching sun, you may fight on and on."

RECORD HISTORY Others enclosed in their letters small diaries or notebooks saying that "these are now blank but they will contain history as you record the progress of your march onward at the front."

In another letter written by a small girl was found the picture of Shirley Temple. "She is the angel of the world and I am sending you her picture that she smiles on her face may constantly cheer you on." (Central News).

ANXIETY FELT FOR CHUNGSHAN IS GROUNDLESS

Safeguarding Of Kwangtung Province

(From Our Own Correspondent)

Canton, May 27. The anxiety felt concerning Chungshan district as reported in many outport papers turned out to be groundless, as a trunk call from Shekki, the district seat, last night indicated that all was well.

Rumours that Japanese warships opened fire and that bluejackets had landed on the mainland, were incorrect, for what actually happened was that a Customs launch opened fire on smugglers at Kam Chup Bay, near Tongkwan.

Speculators and secret agents played up these rumours to alarm the public and to increase the premium of the Hong Kong dollar, which was equivalent to \$1.61 yesterday afternoon. There was a slight drop this morning, and a further drop is expected. The police are tracking down the rumour mongers.

It is expected that the local currencies will shortly recover their normal value before long. Mr. T. V. Soong, well known financier, visited here during the early part of the week to discuss the monetary problems with high officials of the Provincial Government, while Mr. Koo Yih-chun, manager of the Kwangtung Provincial Bank, brought back from Hankow instructions of the Central Authorities on the currency situation.

CANTON INVASION RUMOUR Agents in the pay of Japan this morning again circulated the rumour that Japanese troops will soon attack Canton in a desperate effort to create panic here and to undermine the value of the provincial and central banknotes.

Lieut. General Cheng Tse-jun, who was sent here from Hankow to convey instructions on the military defence of Kwangtung, visited places of military importance today. He will remain here for some time to act as liaison officer, and his continued stay indicates that the Central Authorities are doing everything possible to safeguard this province.

CHUNGSHAN CALM, BUT PREPARED

Canton, May 27.

With the declaration of martial law since May 22, the district of Chungshan is calm but prepared against all eventualities, a telegram reaching here states today.

Martial law, according to the despatch, was declared for preventing undesirable elements from creating disturbances and checking enemy attempts.

Despite the large concentration of Japanese fleet off the coast, the population of Chungshan remain calm and are carrying out their daily work as usual. So far, no attempts by the Japanese fleet to land marines have been noted.

Water and land communications to and from Chungshan, in the meantime, remain undisturbed. (Central News).

The U. S. S. Asheville, which has been in harbour for some days, will observe Memorial Day on May 30 with a salute of 21 guns, which will be fired at noon. The ensign on H.M. ships will be half-masted during the salute.

COLLECTIVE SECURITY BEST GUARANTEE FOR INTERNATIONAL PEACE

Anti-Comintern Pact Merely Smoke Screen

Democracies Sympathetic Towards China's Cause

Hankow, May 27. THERE IS NO QUESTION THAT ALL THE WORLD'S DEMOCRACIES are sympathetic towards the Chinese cause and that such sympathy will increase with the prolongation of the war, declared Mr. Edgar Ansel Mowrer, internationally famous Chicago newspaperman, on his arrival here from Hong Kong yesterday.

Representing the International Peace Campaign, Mr. Mowrer, who is now on furlough, stated that assistance is being extended to China from all the democratic Powers, but such assistance is of varying degrees in accordance with the conditions of each country.

Mr. Mowrer who has always been outspoken against Fascism, deplored the weak-kneed policies of the democratic countries in entering into compromising agreements with Fascist nations instead of taking active measures to check their aggressive designs.

The anti-Comintern pact between Germany, Italy and Japan, Mr. Mowrer said, is merely a smoke screen behind which the totalitarian powers have been engineering their ambitious schemes. The democracies of the world, in concluding agreements with Fascist states, are hoping that by satisfying a part of the Fascist ambitions, peace may be obtained. They should know, however, that by doing this they were merely playing into the hands of the dictators, who will thus achieve their objects by gradual steps.

The best guarantee for international peace, in the opinion of Mr. Mowrer, is collective security and international sanctions against aggressive nations.

ECONOMIC BOYCOTT

Referring to international economic boycott against Japan, Mr. Mowrer said this is of greatest importance to Britain and the United States, as both are the largest importers of Japanese goods.

In England, the success or failure of the boycott depends largely upon the initiative of the British Chambers of Commerce. Mr. Mowrer said, while in the United States the question is one to which American women hold the key.

If the majority of women in America decided to refuse to buy Japanese goods, Mr. Mowrer believed much success would be achieved.

The American people, however, are proceeding with this problem most cautiously, as it is feared it would adversely affect the unemployment question, Mr. Mowrer declared.

Not Strictly Neutral

HANKOW PAPER ON GERMANY'S ATTITUDE

Hankow, May 27. Editorially commenting on Germany's recall of her military advisers from China on the ground of neutrality, the Ta Kung Po, an influential local vernacular daily, questions whether Germany can speak of strict neutrality following her recognition of "Manchukuo."

Recalling the traditional friendly relations between Germany and China, the newspaper expresses deep regret over the step taken by the Reich.

It warns the German Government not to place too much confidence in the armed force of Japan and take her as a reliable friend, but to take note of the indomitable spirit of the Chinese in the present struggle for national independence and freedom. —(Central News).

JAPAN'S DEMAND

Shanghai, May 27. The recall of German military advisers was the demand made by Japan through Major-General Eugen Ott, the new Ambassador to Japan, who recently flew back to Berlin from Hong Kong, where he met Dr. Oskar K. Trautmann, German Ambassador to China. It was revealed here today.

Ambassador Ott was popular with Japanese army circles, being promoted to his present post. It is learned here that as soon as he reached Berlin, he persuaded Foreign Minister Ribbentrop and Chancellor Hitler to recall the German advisers from China.

Most German advisers in Hankow are in charge of training new Chinese divisions, while war strategy and staff work remain in the hands of senior officers such as Generals Li Chung-jen, Pai Hsueh-hsi, Cheng Chien and others. —(International).

Prince Paul is the brother of King George of Greece and is successor to the throne. —(Transocean).

MYSTERIOUS DISAPPEARANCE OF BRITISH SHIP

London, May 27.

The British Board of Trade is anxious for news of the steamer, Anglo-Australian, 4586 tons, which left Cardiff for British Columbia on March 8 and after passing the Azores on March 14 has not been heard of. Contact with the steamer has failed and its disappearance is a complete mystery. —(Reuter Bulletin).

The Anglo-Australian, commanded by Capt. Parslow, of London, and carrying 38 aboard, signed on at various home ports, should have entered the Panama Canal towards the end of April.

JAPANESE FLEET OFF FUKIEN STEAM AWAY

Foochow, May 27.

After vainly seeking a weak point on the Fukien coastal defence, the large concentration of thirty-seven Japanese warships off the mouth of the Min River has steamed away and by last evening only ten remained.

During the past few days, Japanese marines in occupation of Amoy opened up several times from their gun emplacements on the Chinese positions in the mainland, causing little damage.

Japanese aerial activities were redoubled in the last week, daily reconnaissance being made by a group of planes over a wide area along the coast. —(Central News).

"Good Earth Of Lanfeng Turns Red With Blood"

Hankow, May 27.

"Good earth of Lanfeng turns red with blood" is the graphic description given to the present battle for the town the severity of which is said to be unequalled in China and Japan.

The opposing forces are giving everything they have in the struggle knowing that the fall of Lanfeng means for the Chinese the collapse of the Lunghai Railway defence, while for the Japanese it means the extermination of General Doihara's Division.

Lowangchai station, west of Lanfeng, is reported to have changed hands several times and the village has been blown to bits. Chinese troops are occupying positions to the south and west of the village.

At the same time it is stated that the Japanese at the north of the Yellow River bend are crossing at Kuangtai to support Doihara's Division at Lanfeng. The Chinese are said to be holding the villages between the Yellow River and the Lunghai Railway in an attempt to separate the two Japanese bodies. —(Reuter).

GERMANY'S NEW CRITICISM OF BRITAIN

Berlin, May 27.

German papers, starting a fresh line of criticism against Britain for interfering in the Czechoslovakian situation, stated that Britain should not meddle in affairs in Central Europe where Germany has special interests.

One paper declared that if Britain interferes in Central Europe other big Powers may interfere in British sphere of influence in other places. —(Reuter Bulletin).

BRITISH CREDIT TO TURKEY

Three Agreements Concluded

London, May 27.

The Premier, Mr. Chamberlain, announced today in the House of Commons that as the result of negotiations with the Turkish delegation now in London, three agreements of a financial and economic nature had been concluded.

The first agreement relates to granting by England of an export credit guarantee of £10,000,000. The second completes the existing clearing agreement between the two countries and provides that neither Turkish imports into Britain nor British imports into Turkey shall be limited.

The third authorises the granting of credit in case of Turkish orders for warships or other war material placed in Britain. —(Transocean).

BRITISH RATINGS FOR HANKOW

Canton, May 27.

The local authorities have been notified that a detachment of 300 British ratings are scheduled to pass through here by train from Kowloon en route to Hankow tomorrow.

Leaving Kowloon at 10.20 a.m. the British ratings are expected to arrive in Canton at 1 p.m.

Fighting In Outskirts Of Weihaiwei

Hankow, May 27.

Fighting has broken out between Chinese guerrillas and Japanese troops 10 miles south of Weihaiwei, the cannonading being audible in the port, according to a message received here.

Outwardly Weihaiwei described by the message as "an isolated island" remains calm. Curfew is observed after dark when traffic is totally stopped. Chinese pedestrians are frequently subjected to strict searches by the Japanese during daytime.

Since the fall of Weihaiwei on March 7, Chinese troops and guerrillas withdrawn to the villages in the outskirts have thrown a cordon around the port. They stop all shipments of goods to the port by land, resulting in an acute shortage there.

The Chinese troops and guerrillas fight in accordance with pre-conceived schemes. They usually concentrate their attack on one point, and then quickly withdraw and start an attack on another point. The withdrawal is usually done at night. The Japanese have a hard time to locate their whereabouts and have to shift their forces back and forth all the time.

It is learned that the Chinese are amply supplied with arms and ammunition. How they get the supplies remains a secret.

To deprive the Chinese of cover the Japanese burnt down many villages in the outskirts rendering many homeless and destitute. Japanese planes also made frequent raids on the villages killing and wounding numerous innocent villagers. —(Central News).

CANTON CONSULAR CHANGES

Canton, May 27.

Mr. G. F. Tyrrel, senior Vice-Consul of the British Consulate-General in Shanghai, is serving as Acting Consul owing to the departure on home leave of Mr. F. S. Gibbs, Consul, who sailed from Hong Kong this morning for England.

Mr. H. F. Byran, who arrived here recently from Hankow, has taken up the post of Vice-Consul.

It is learned that Captain A. B. Cunningham-Graham, R. N. Senior Naval Officer of the West River Flotilla, will also leave shortly on transfer to another post. Captain Cunningham-Graham is very popular in foreign and Chinese circles here. —(International).

PASCH IS DERBY FAVOURITE

Aga Khan's Entries Well Backed

KING'S HORSE NOT RUNNING

London, May 27.

Although his horses, Tahr and Mirza, are fairly well backed by the public for the Derby to be run at Epsom on June 1, H.H. the Aga Khan expects that Pasch will justify his being favourite as does Mrs. Morris who said, "I hope Pasch will win. I don't know of what he should be frightened and I cannot see what will beat him."

The majority of owners and trainers of other runners are only hopeful as most of them require rain to improve their chances.

For instance, Dawson, trainer of Malabar, says that Pasch and Scottish Union dominate the situation.

Boyd Rochcroft, the trainer of Portmarnock, says that there is a good chance each way if the going is not too firm.

Mr. James Rank, the owner of Scottish Union, stated that the horse has given every satisfaction since the Two Thousand Guineas and he hopes that it will at least be placed in the Derby.

The King's horse, Licence, will not run in the Derby. The decision was taken after a training spin at Newmarket today. —(Reuter).

GERMAN PROBLEM

Settlement Before End Of Summer

London, May 27.

That the Sudeten German problem will be settled before the end of summer, was announced by the Czech Prime Minister, Dr. Hodza in the course of an interview granted at Prague to the special correspondent of the Daily Express yesterday.

The interview is regarded by the paper as an answer to the statements made by the Sudeten German leader, Herr Konrad Henlein, in an interview with the Daily Mail's special correspondent, Mr. Ward Price, on Wednesday.

According to the Daily Express, Dr. Hodza said:

"The present difficulties with the Sudeten German minority of 3,500,000 can be settled this summer. The proposals are ready. We have prepared the field since February 1937. Everything can easily be arranged. However, it will be recognised that the settlement of the Sudeten German question is entirely a domestic affair."

Dr. Hodza concluded: "We are only a small nation but we are prepared to defend our liberty, alone if necessary." —(Transocean).

PARIS CROWDS SEE ENGLISH SOCCER TEAM WINS

Paris, May 26.

A crowd of 60,000 spectators today saw England beat France at soccer by four goals to two.

Broome scored for England in the fifth minute, but Jordan then equalised for France. Drake, however, put England ahead in the 35th minute, only to see Nicolas equalise in the next minute. The Arsenal centre-forward again netted just before the half-time whistle which was blown with England leading by three goals to two.

Bastin, of the Arsenal, got the fourth goal for England near the end of the game from a penalty.

It was a good and keen game. The Frenchmen were speedy but the Englishmen were more clever and gave a wonderful exhibition in the second half. The visitors should have scored many times, but were thwarted by the French goal-keeper.

With this match, the Englishmen concluded their continental tour. (Reuter).

TINY CHILDREN ECONOMISE TO BUY AIR SQUADRON

(FROM OUR OWN CORRESPONDENT)

Chengtu, May 24.

People of every class in China's western provinces appear determined and confident that China shall eventually win in her war of self-defence against aggression.

Many children in Szechuen and other places are trying to save a cent a day or a dollar a year in order to raise a million dollars by the beginning of 1939 to purchase an air squadron to be christened in their name.

The planes will be presented to the Chinese Army for service in the three Chinese eastern provinces in Manchuria where school children are being subjected to a system of education which would unconsciously alienate them from the sons of Han.

Of course, not every child has an allowance from which something may be saved; but all may give up a little to which they may be entitled. Szechuen straw sandals are not only durable but also inexpensive, and many youngsters have decided to substitute them for socks and shoes, so that they may do their part.

Little girls in these days, behind China's "life-line," are proud of their coarse, hand-made, native cloth blue gowns. They realise that their simple dress may add a dollar or two to the fund.

RICKSHA COOLIE HELPS

Even the poorest ricksha coolie is determined to help, in however small a way, to make Chinese resistance a success. In order to co-operate in the campaign of economy, a coolie will give his cigarette to another when he is called to work instead of throwing it away.

In Chengtu, on the back of every ricksha—one of the few things of Japanese origin which China has not yet discarded—a notice may be seen posted, "Oppose the enemy to the end," or some characters to that effect.

TAX ON PROFITEERS

Farmers in West China are being made to produce more but the traders are discouraged from taking too much profit from their fellow countrymen. The Government is sending agents out to the fields to assist in agriculture, including irrigation and animal husbandry, so as to increase crops by at least one-third; while beginning October next, merchants making a profit of more than ten percent will be required by the provincial authorities of Szechuen to contribute from 30 to 60 percent of their earnings to war funds.

Szechuen has since the war drafted more than 120,000 from its able-bodied citizens for national service, and it is dispatching 220,000 more, some being already on their way to Shensi.

Det.-Sergt. Pope said that the weapons were used for instruction purposes and the police were not pressing the case.

Defendant said that he was under the impression that as the blades were not sharp he need not have a licence.

His Worship remarked that it was only a technical offence, and fined defendant \$10.

Chichibu Maru has had another change of name. When the new romanised spelling was introduced among the names of the ships of the N.Y.K. fleet the Chichibu Maru became the Titibu Maru to conform with the new practice.

The change has not proved popular, however, and in the face of much disappointment expressed by thousands of travellers who have crossed the Pacific in the liner, the ship has now reverted to her original name of Chichibu Maru.

The P. and O. s.s. Chitral from Yokohama Kobe and Shanghai, arriving yesterday, brought the following passengers:—

Mrs. G. Keen, Mrs. P. Byrne, Mr. and Mrs. E. F. Nater, Mr. J. Pennington, Miss E. Jepson, Mr. Chengor Loh, Mr. F. Stafford Smith, Mr. W. Kearton, Mr. V. Hill, Mr. J. Davies.

SETTLEMENT IN WILKINSON INCIDENT

Shanghai, May 27.
A settlement of the incident in which the British naturalist and writer, Mr. H. S. Wilkinson, was arrested and bayoneted in the Hungjiao area on May 13, has been reached between the British and Japanese Consuls-General.

A suitable letter was received by the British Consul-General from the Japanese Consul-General, which points out that Mr. Wilkinson unfortunately entered an area occupied by Japanese forces by a passage, other than those opened to traffic, and that in taking Mr. Wilkinson to the headquarters of the local unit the sentries were acting on discharge of their assigned duty.

He added, however, that nevertheless he wished to express his sincere regrets that Mr. Wilkinson subsequently suffered such a trying experience.

Mr. Hidaka stated that a full investigation has been held by the Japanese military authorities who have taken the most appropriate steps to secure redress for Mr. Wilkinson. A set of new precautionary measures, he added, is now being taken by the Japanese military authorities to prevent recurrence of such cases.

Mr. Hidaka also asked that attention of British subjects be drawn to the danger of complications which may arise from entering an area occupied by Japanese forces except by way of passages open to traffic and failure to pay attention to warnings of sentries.

It is understood that Mr. Wilkinson has expressed satisfaction with the contents of Mr. Hidaka's letter to the British Consul-General, and intimated that he does not wish to raise the question of compensation. (Reuter).

Remarkable Match At Lord's

MIDDLESEX BEAT GLOUCESTER IN GREAT FINISH

The match between Middlesex and Gloucestershire at Lord's recently was a remarkable one from start to finish, and the end of it all was that at 6.15 Middlesex won by three wickets, writes The Times correspondent. Gloucestershire declared with their total at 243 for seven wickets, leaving Middlesex just under 2½ hours to make the runs.

Edrich showed them the way by scoring a brilliantly aggressive 71, and the game, memorable and astonishing at it was, should be remembered above all for his performances. He scored 253 runs, and in a match conspicuous for the number of catches dropped covered himself with glory by holding two that were almost impossible.

With seven Middlesex wickets down at 6 o'clock for 224 runs there were all kinds of agonizing possibilities—a Middlesex win, a Gloucestershire win, a draw—and then came Smith with an off-drive for 6 off Goddard, an on-drive for 8 off Sinfield to make the scores level, and then a single, and so came the end after such tempestuous happenings.

The morning's play was notable for a number of missed catches and a disappointing innings by Hammond. Only eight runs had been added to the overnight score of 23 before B. O. Allen was caught at the wicket off Smith.

NOT THE REAL HAMMOND

Hammond's bat for once was distinctly fallible. When he had made 12 he gave a catch, to second slip off Smith—not an easy catch, but not difficult as slip catches go—and off Gray, who made three or four balls get up nastily, he scored a 4 through the slips which was not at all the sort of 4 normally associated with him.

In the same over he cut a ball to the boundary in the manner entirely his own and then summed an improbable pseudonym, played a quite astonishing shot, and was very properly caught by R. W. V. Robins at cover-point.

CHANCE TO SLIPS

At luncheon 131 runs were on the board with four wickets down, and, after another 25 runs had been added, Neale was stumped off Sims. Smith from the Pavilion continued to bowl extremely well and with no luck at all, and the story of missed catches went into yet another volume when Crapp, when he had made 18, gave a low, difficult but possible, chance to the slips. Crapp went on to play sound and sensible cricket—he is a left-handed batsman of character—and Sinfield helped him in a sixth-wicket stand which put on 37 runs before he had his off-stump shot out of the ground by a really good ball from Nevell.

Middlesex immediately had another chance to take Crapp's valuable wicket, but again the slips were fallible.

Haynes, however, was out with the time at 3.30 with the total at 200, and there was a faint chance that Middlesex might call the tune. Gloucestershire had other ideas, however, and carried the war into the enemy's camp by means of 43 runs in 20 minutes, scored by those two enterprising left-handed batsmen, Crapp and Wilson, and then declared, leaving Middlesex with 244 runs to make in two hours 25 minutes.

EDRICH INSPIRES
Hammond and Barnett began the bowling, and Edrich, who opened the batting with Brown, started off like a shot out of a gun, and a very good and true-barrelled one at that. He played a stroke off his right foot wide of mid-on for four which set the pace and, to be grossly poetical, raised the standard for the Middlesex advance. Indeed, he played inspired cricket.

When Sinfield and Goddard came on with their spin Edrich should have been caught at mid-off off Goddard.

BRILLIANT RUN OUT
With the total at 98, Brown played a ball to short-leg, ran, was sent back, and brilliantly run out and, 23 runs later, an even greater mishap befell Middlesex. W. H. Webster played a ball to cover-point and a run seemed feasible enough, but the pick-up and return were just too good and Edrich was out for a 71, of which he had as much right to be proud as his 182 in the first innings.

GIANT BOILERS FOR LINER

World's Largest In Near Cunarder

The twelve main boilers to be installed in the Queen Elizabeth—the giant Cunard White Star liner which is to be launched at Clydebank by the Queen in September—are, I learn, the largest that have ever been built for marine purposes, writes the "Daily Telegraph and Morning Post" Shipping Correspondent.

Several have already been completed by the builders, John Brown and Co., and they are now being moved from the shops to make room for others. So enormous are the finished boilers that part of the wall has had to be knocked down to get them out of the shop. As they are too big to be lifted into the ship complete they will have to be dismantled, lowered into the boiler-rooms in sections, and reassembled there.

Excellent progress is being made with the ship herself, and work is right up to schedule. Already the launching-ways are being built up, and two of the huge launching "triggers" are in position.

STRIKING DECORATIONS

The Queen Elizabeth's decorative scheme strikes many new notes. Outside firms, who are employing many eminent artists, are responsible for the decorations in the first-class accommodation.

Those in the tourist class are being designed by the Cunard White Star Company's own experts and those in the third class by John Brown and Company, working under Cunard supervision.

The tourist main entrance and stairway will be in elm and oak veneers, with mirror frames of silver bronze and metal mouldings. In the tourist dining saloon, which will be lighted entirely by artificial means, the decorative theme will be silver and primrose, and mirrors will be lavishly employed to increase the effect of lightness.

All the third-class public rooms are to be panelled with polished woods, maple and silky oak predominating. Special attention is being paid to the crew's accommodation, which, it is claimed, will be far superior to that in any other liner afloat.

JAPANESE CABINET CHANGES

(Continued from Page 1)

MILITARY ELEMENT STRENGTHENED

London, May 27.

The effect of the changes in the Japanese Cabinet is greatly to strengthen the military element, says the Daily Telegraph.

The most significant change, says the paper, is the supersession of Mr. Koki Hirota as Foreign Minister by General Ugaki.

Hitherto Baron Konoye, the Prime Minister, has refused to yield to the agitation against Mr. Hirota. That he has now surrendered indicates the formidable pressure to which he has been exposed.

The fact is ominous, as it means that governing power in Japan has definitely passed into the hands of the fighting services.

WOUNDED ANIMAL MOST DANGEROUS

The leaders of the fighting services, says the Daily Telegraph, have always been impatient of civilian restraint and foreign claims for consideration.

They may have also taken into view the manifest patriotic reaction of the Japanese people to the increasing difficulties of the war adventure in China.

It is certain, declares the paper, that the temper of the war chiefs and the people in Japan have become more rather than less bellicose, and that fact has to be reckoned with.

"The wounded animal is always the most dangerous," adds the paper. (Reuter).

Webster and Compton continued the tradition of the innings until Compton was caught by Barnett at long-on, which meant that, with just over an hour left, Middlesex needed 77 runs for victory. Robins hit two 6's, one an off-drive off Sinfield, and then was caught at long-on.

Goddard, who bowled splendidly throughout the match, got Price caught at cover-point and, B. Felton at mid-on, but then came Smith and the end of an heroic match.
